

CORPORATE

Incorporation Services

Each jurisdiction has its own procedures, documentary requirements, mandatory processes, fees and regulatory guidelines so navigating the creation of the right corporate vehicle can take time. But, in a world of increasing regulation, ensuring that a vehicle remains in good standing is essential.

Our team of experienced, company secretaries and administrators have a detailed working knowledge of the incorporation process. With regular, direct contact with relevant jurisdictional authorities we offer a proactive service in getting your vehicle up and running. We are compliant with all international and local governance regulations which is underpinned by robust Know Your Client (KYC) and anti-money laundering processes.

Group Eleven offers full incorporation services for Isle of Man companies and, through highly reputable agents, we can also incorporate and administer companies in other jurisdictions such as the British Virgin Islands, Cayman Islands, Channel Islands, etc.

As part of our full managed administration, we provide the following services:

- **Incorporation of an Isle of Man (or other jurisdictional) corporate vehicle**
- **Provision of corporate directors or individual directors**
- **Company administration and management**
- **Company secretarial services**
- **Acting as Registered Office and Resident Agent**
- **Production of annual financial accounts**
- **Opening and maintaining bank accounts**
- **Provision of an annual substance/regulatory health check**
