# Registrar Services

---

Group Eleven registrars provide a holistic and one-stop-shop package for clients requiring registrar services. This is truly an offshore and unique service as the Registrar team can support companies in Isle of Man, BVI, Ireland, Cayman and the UK.

Our team is highly trained in all aspects relating to registration processes and is able to carry out 'same day processing' of all transfer deeds, certifications and electronic transfers. With proven capability and experience, along with the use of market-leading systems, our professional team gives peace of mind to our clients in all aspects of the registration process.

Our registrar services include:

- **Share registration**

- **Corporate actions including public offers, proxy voting and dividend and interest processing**
- **Investor relations including provision of management information and reporting**
- **Mailing service**

For any specific requirements tailored to suit your needs please contact one of our team.
