---

Group Eleven has considerable expertise in real estate, which has been built up over more than 25 years. Our team of specialists works with professional intermediaries to provide the optimum structures to administer real estate assets ranging from large commercial and residential developments to single tenant investments. These have a diverse range of uses including offices, all aspects of retail, industrial, hotels, student housing, care homes and luxury residential property.

We provide the highest standard of professional administration, accountancy, director and investor reporting services, using our expertise and knowledge to enable real estate managers to focus on their core competencies. Our wide range of administration and accounting services are tailored to a client's specific jurisdiction, and we frequently assist on development projects.

Our dedicated real estate team includes real estate accountants specialising in IFRS and GAAP for property structures.

Our Real Estate Services include:

- **Onboarding & Establishment**
- **Investor Servicing**
- **Administrator Services**
- **Accounting Services**
- **Financial Services**
- **Tax Compliance Services**
- **Banking Services**

For any specific requirements tailored to suit your needs please contact one of our real estate team.
